**Notes:**

Old Business & Updates:

- *Meeting Notes:* May notes were reviewed. No changes were made and all minutes were approved.
- *School Directory:* A directory is going to be separate from the PTO so it is separate from any fundraising. Final decisions are being made but it will be finalized this summer. It will only include email addresses and phone numbers. It will not be shareable. If people have not signed up to be included, contact Amalie Ward or Leaha Charles-Pierre.

School Updates: The current school year is wrapping up but everyone rallied around virtual, hybrid, and in-person learning. Closing ceremonies will be held in the Outdoor Classroom this week for kindergarten, 5th, and 8th grades. Uniform information will be shared next week via class dojo and an email and will be included in any mailings over the summer. For those families of rising 4th and 5th graders who took the COGAT, composite scores will be sent out before the end of the school year. If families have questions

about how the 4th/5th grade class will be configured and the content that will be covered, they should contact Ms. Jacobs or Mrs. Long. MWS is fully staffed for next year; one middle school ELA teacher left and is not returning. MWS has hired an early childhood teacher and determinations of exact grade-level placement will be made by mid-summer.

**SFC SY 2021-2022 Grade Representatives:** There are openings across the SFC. There can be more than one representative per grade. There will be an orientation to new members over the summer. Meetings typically last 1-1.5 hours. By-laws will be amended during the summer.

**Subcommittee End of Year Report:** All of the subcommittees were asked to provide highlights of the work and what needs to be done next year:

- Marketing/Branding: Brochure language was drafted; recruitment materials were developed for the current 4th and 5th grade families.
- Family & Community Engagement: School directory has been a priority, including making sure that the grade representatives have a way to contact families outside of dojo. There was a virtual fitness night and a virtual trivia night. There was also a Q&A with a pediatrician. Attendance was low so there will be an interest in doing some in-person activities.
- IB Expansion Committee: Interest in finding someone who can help with grant writing to help with the costs. Work on educating the parent community and teachers to make sure people understand what is involved.
- Attendance: Has been a goal of the School Performance Plan and is likely to be included again in the future. Standards for absences are not set by the school and
- Safety & Climate: There were more Children's Mental Health Awareness activities this year with the support of the faculty. Families were concerned about the support for the students upon return to the school building but the District had provided what was needed.
